

Freeplay Button Install

- 1 Replace the Coin Door by removing these 4 Nuts and detaching the Ground Wire

- 2 Locate this Orange wire in the Harness at the Coin Door opening

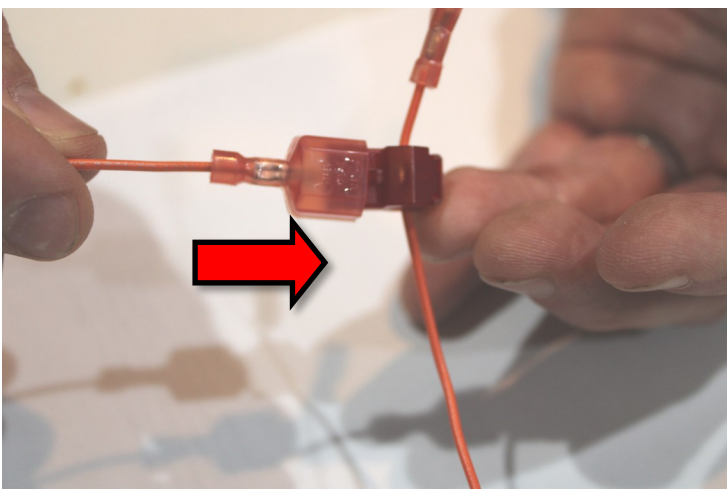

- 3 Attach the Red T-Splice to the Orange wire using the slot in the the Tab

- 4 Use Pliers if needed, you'll hear a Click sound when properly closed

- 5 Connect the Freeplay Button Orange Wire to the T-Splice.

- 6 Connect the remaining *Black & White/Brown* Coin Wires to the Freeplay Button matching the colors, then re-attach Ground.
